

Coastal Carolina University Confidential Financial Statement Undergraduate Study

(A completed Confidential Financial Statement must be on file before Coastal Carolina University will issue an I-20 or DS-2019.)

International students planning to attend Coastal Carolina University must verify that sufficient resources are available to study in the United States. Individuals relying on personal/family/sponsor funds MUST have bank certificates from all identified sources totaling a minimum of \$34,880 on deposit for undergraduate studies. This amount reflects the costs associated with nine months of study (tuition, fees, room and board, books, supplies, personal and miscellaneous expenses) at Coastal Carolina University. Students who have been awarded a Coastal Carolina academic/athletic scholarship for some portion of the above amount must provide bank certification, but only for that amount not covered by the Coastal Carolina scholarship. Students planning to stay through the summer and continue their studies will need an additional \$9,000 for that three-month period. The financial solvency of each international student, along with the student's academic progress, will be reviewed annually.

Employment opportunities for individuals with student visas are very limited and should not be anticipated when identifying resources for U.S. study.
