Any modifications to your approved academic program in Interdisciplinary Studies must be explained fully and the deviations justified academically in terms of the program as a whole. This information must be typed on a separate sheet of paper and attached to this form. In addition, a syllabus for each course substitution must accompany this request.

**Note:** A well thought out program should require little modification. However, scheduled courses may be cancelled or not offered, or new courses are developed which are more relevant to the goals of the program. Such conditions generally warrant modification.
