

**2008 Southern CBDNA / NBA Conference – Recording Invoice**  
**February 27-29, 2008**  
**Columbus State University – Schwob School of Music**

Congratulations on being selected from such a competitive pool of applicants to perform at the 2008 Southern Division Conference of CBDNA & NBA! Please sign and return this recording contract by January 7. Include a check if you are ordering this service. Both performance halls are terrific and help to make great live recordings of concerts. We will be using CSU's Schwob School of Music Recording Studio, which is hard wired to all concert and rehearsal spaces. You will receive your master CD in person on the day of your performance at the evening reception. The last concerts of the night will be ready very late that night or early the next morning. This will be the only recording equipment allowed in the performance halls during the conference. Please do not bring your own equipment, as it will not be allowed into the performance halls (CSU Policy).
