On August 8, 2012, the South Carolina Budget and Control Board voted to increase premiums for the state’s health insurance plans. Beginning January 1, 2013, employers, employees and retirees will pay 4.6 percent more for insurance through the State Health Plan.

This translates to an average increase of $19.22 per subscriber per month for employers and an average increase of $7.24 per month for subscribers. The actual amount of the increase will vary depending on the level of health insurance coverage—subscriber only, subscriber/spouse, subscriber/children or full family. Specific premiums will be determined and available from your employer soon.

Like other insurance programs nationwide, the State Health Plan has experienced a steady increase in medical and prescription drug costs. With this trend expected to continue, adjustments in employer and employee premiums are necessary to have enough money to pay claims in 2013.

Employee Spotlight

Carolyn Hickman-Williams, Employment Coordinator

Carolyn joined HREO in March 2009. She currently serves as an Employment Coordinator and oversees the student employment program. She came to CCU in 1985 as Registration Coordinator in the Office of Registrar and as Career Development Services/Student Employment Coordinator in Career Services. She is a proud charter member of the local alumni chapter of AKA Sorority, Inc. where she is actively involved in volunteer/community service and served as advisor to the undergrad chapter at CCU for over twelve years, receiving Outstanding CCU Advisor Award three consecutive years. She also enjoys spending time with her family and friends, mentoring young girls, reading, traveling and working in various capacities in her church.
