# **Am I To Blame?**

**The Ethics of War in the Middle East**

**Was the United States' initial attack on Iraq justified? Do we, as citizens and taxpayers, share responsibility for the consequences of the war, even if we opposed it? If we are responsible, how far does our responsibility extend – do we have to stay and help sort out the mess? If we can determine that immoral behavior has taken place with the Iraq War, do we need to think about punishing those responsible?**
