HARVEST TIME IN THE O.R.: THE ETHICS OF ORGAN DONATION

How does the change in S.C. organ donation law affect its citizens?
Can family members override a donor's living will? Are organs community property?
If so, who has the right to receive them? Convicts? Elderly? Uninsured?
Does saving the lives of many validate unjustly harvesting the organs of one?
Who owns my organs and who will reap the financial rewards from their harvest?
