Easing the Process for Transfer Students

Transfer Students with an Associate of Arts, Associate of Science, Bachelor of Arts or Bachelor of Science

Transfer students accepted to Coastal Carolina University with an earned Associate of Arts, Associate of Science, Bachelor of Arts or Bachelor of Science from a regionally accredited institution will have all core curriculum requirements waived. Transfer credits earned by the student may be applied to foundation, minor, cognate or major requirements, or will be counted as electives. Course prerequisites and minimum credit requirements for the awarding of degrees will still apply.

Online Resources for Transfer Students

Students interested in transferring to Coastal Carolina University or taking classes during the summer session may now access two websites for transfer information. These websites offer students the ability to:

- Locate information related to transfer requirements (including application deadlines), the transfer of credit and contact information for institutional transfer officers;
- · access transfer agreements that exist for the institution; and
- search for course equivalencies to determine how courses taken at one institution will transfer to Coastal Carolina University.

The first portal, **collegetransfer.net**, is a national portal and contains information for institutions across the United States. The second portal, **sctrac.org**, is designed specifically for South Carolina-based students. Both sites contain information on transferable courses and transfer agreements, as well as acceptable CLEP, AP and IB credits. The data contained on both sites are continually updated as new equivalencies are determined.

The Transfer Student and Admission

An applicant is considered a transfer student when he or she has attended another regionally accredited postsecondary institution in any capacity after completing high school. To be considered for admission, the transfer applicant should have earned a minimum cumulative collegiate 2.0 GPA or a C average in at least two full-time semesters of course work (24 transferable credits) or the equivalent from all regionally accredited colleges/ universities attended.* Cumulative collegiate GPA will be based on transcripts and will not be recalculated. Transfer applicants who have earned fewer than 24 transferable credits or the equivalent must meet both transfer and freshman admission requirements, including submitting final official high school transcripts and official standardized test scores (SAT or ACT). Applicants age 22 or older are not required to submit SAT or ACT scores. (See the Coastal Carolina University Catalog or visit coastal.edu/admissions/freshman for complete freshman admission information.) For admission to Coastal Carolina University from another institution, a transfer student must:

- Complete an application for admission and submit a nonrefundable application fee,
- provide official copies of transcripts from all previously attended institutions directly to the Office of Admissions and Merit Awards, and
- be academically eligible to return to the last institution attended as a degree candidate (i.e., not on academic or disciplinary suspension).

You must submit all required documentation before we can review your application for admission to the University.

^{*}Transfer students who have earned an Associate of Arts or an Associate of Science from a regionally accredited college or university will be automatically accepted to the University provided that they satisfy the nonacademic admissions review portion of the admissions application. An Associate in Applied Science and degrees from foreign institutions are not eligible for automatic acceptance.

Transfer Policy

Coastal Carolina University has adopted the following policy for determining transfer of academic credits from regionally accredited institutions:

- A student transferring to Coastal Carolina University will submit all official transcripts to the Office of Admissions and Merit Awards for evaluation.
- Up to 76 transferable credits of college parallel courses may be accepted from a regionally accredited two-year college transfer program to be applicable toward a Coastal Carolina University degree.
- Up to 90 transferable credits of college parallel courses may be accepted from regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.
- 4. Prior to graduating from Coastal Carolina University, and regardless of the point in the student's academic career at which any student enters CCU, the student must complete the last 30 semester hours in residence while enrolled in classes at Coastal Carolina University or through sanctioned Coastal Carolina University academic exchange programs.
- 5. A minimum grade of C (e.g., C-, C or C+) in a course is required for transfer credit to be awarded for that course.
- Credit for work completed at another institution by Coastal Carolina University students will not be accepted for transfer credit if the student has previously failed to earn the required grade in an equivalent course at Coastal Carolina University.
- Courses taken at another institution while under academic suspension may transfer to Coastal Carolina University in accordance with University transfer policies.
- Academic coursework taken elsewhere two-year schools, international credit, nonregionally accredited institutions, Association to Advance Collegiate Schools of Business (AACSB).
 - Two-year schools: Certain degree programs do not recognize transfer credit from a two-year institution for courses which are considered upper-division or upper-level (300-400) courses at Coastal Carolina University.

- b. Applicants who have attended postsecondary educational institutions, colleges or universities outside the United States are required to submit an original transcript, an English translation of the original transcript, a professional credential evaluation of all completed coursework and copies of course descriptions. Students must be admitted to Coastal Carolina University and submit all requested documents before international credits will be evaluated for transfer.
- Coastal Carolina University credit will not be awarded for coursework completed at a nonregionally accredited institution.
- d. Transfer credit will be awarded as departmental electives for upper-division or upper-level coursework from a regionally accredited four-year university or college that is not accredited by the Association to Advance Collegiate Schools of Business (AACSB).
- Repeated coursework, including repeat forgiveness for individual courses or academic forgiveness/bankruptcy will be evaluated based on the policy of the applicant's prior or home institution.
- All courses completed at a regionally accredited institution will be evaluated for transfer regardless of the applicant's academic standing at the applicant's prior or home institution.
- Coursework with nonstandard grades (withdrawal, withdrawal failing, repeated course, etc.) will be evaluated based on the transcript key and institutional policy of the applicant's prior or home institution.

Transcript Evaluation

The Office of Admissions and Merit Awards will complete a preliminary evaluation of transcripts to identify courses that can transfer for credit to Coastal Carolina University. An official list of those transferable credits is then mailed to each accepted transfer student. Refer to the list of approved courses for transfer in this guide.

The department chair or academic adviser evaluates specific courses, as needed, and determines which course credits apply to that particular major.

For additional information on transcript evaluation, call the Office of Admissions and Merit Awards at 800-277-7000. If a student later decides to change his/her major, a re-evaluation of applicable credits must be completed by the department chair of the new major.

As a general rule, credits earned in courses that apply to one or more of the following categories are usually not acceptable for transfer credit:

- Courses that are occupational or technical in nature,
- Courses that are essentially remedial, or
- Courses not recognized in that institution's catalog as part of its college parallel transfer program.

Exceptions to the above categories may be made only by the dean or designee of the college in which the student plans to enroll (major), by the dean or designee of the college that offers the course, or by the Interdisciplinary Studies Committee in specific cases where such courses are judged to be uniquely relevant to the student's degree program. Certain degree programs do not recognize some transfer credits from two-year institutions for courses that are considered upper division or upper-level courses at Coastal Carolina University. However, some degree programs will grant transfer credit

for such courses as lower-level electives or core curriculum requirements. Each transfer student should discuss the transfer of academic credits not listed in this guide with the academic adviser assigned by the dean of the student's major. Students should be aware that changing majors while at Coastal Carolina University will require a reevaluation and approval of the transfer credits for application to the new majors.

Admission to the Wall College of Business Administration

A student begins in the Wall College of Business as a pre-major. To be fully admitted and eligible to take 300- and 400-level classes, the student must fulfill the requirements listed below:

- 1. Have a cumulative collegiate GPA of 2.25 after 45 earned credit hours.
- Have a grade of C or better in the following courses: CBAD 120, ENGL 101, CBAD 201, ECON 201 or ECON 202, MATH 132 (or MATH 160 or MATH 138) and CSCI 110.
- Complete a formal application for admission into the Wall College of Business and submit it to his/her academic adviser. Incoming transfer students with more than 45 credit hours will be automatically evaluated for admission into the Wall College of Business.

For more information on the application into the Wall College of Business, please go to: coastal.edu/walladvising/applytothewallcollege.

Admission to the Spadoni College of Education

A student begins in the Spadoni College of Education as a pre-major. Candidates may complete a formal application for admission to the professional program in teacher education (PPTE) when they have completed at least 60 hours of college level coursework and have met the following requirements for Portal I:

- Pre-professional program education majors will submit a formal application for admission
 to the professional program in teacher education by posted deadlines. All requirements
 on the current application to the professional program must be met before admission. The
 following evidence is required and reviewed before admission to the professional program
 in teacher education:
 - Minimum GPA of 2.75
 - 60 hours of coursework; grade of C or better in ENGL 101 and ENGL 102
 - Grade of C or better in EDUC 111
 - Grade of C or better in EDUC 204
 - Grade of C or better in all required education courses completed (see below)
 - Passing scores on all three areas of Praxis Core Academic Skills for Educators Test: Reading (156), Writing (158), and Math (142) OR
 - Score of 1650 or higher on OLD SAT (verbal, math, writing) OR
 - Score of 1100 or higher on NEW SAT (evidence-based reading and writing plus math) OR
 - Score of 22 or higher on ACT Composite
 - A signed Criminal Offense Disclosure statement
 - South Carolina Law Enforcement Division (SLED) background check
 - Professional Behavior and Dispositions Self-Evaluation completed in LiveText
 - Approval of Portal I Faculty Committee

Pre-Professional Program Candidate Classes by Program Areas

All students applying for admission to the professional program must complete the following: ENGL 101, ENGL 102, EDUC 111, EDUC 204, EDUC 215, and earn a grade of C or better in all of their foundation courses.

Furthermore, students need to meet the following additional program-specific requirements:

Early Childhood: EDUC 276, MATH 201, MATH 202, two sciences, and foreign language. Students who have earned 60 credit hours but still have four or more required core/foundation courses to take would need to complete those courses prior to being admitted to the professional program.

Elementary Education: MATH 201, MATH 202, two sciences, and foreign language. Students who have earned 60 credit hours but still have four or more required core/foundation courses to take would need to complete those courses prior to being admitted to the professional program.

Middle Level Education: EDML 317, EDUC 334, EDUC 335, MSCI 102/102L (middle level science), and complete two out of three specialization classes in each of the two content areas and two out of three required courses in each of the two content areas the student selected for licensure to teach. Students who have earned 60 credit hours but still have four or more required core/foundation courses to take would need to complete those courses prior to being admitted to the professional program.

Physical Education: EDPE 290 (spring only), and EXSS 122. Choose one personal fitness course (PALS 102-124), two lifetime sport courses (PALS 125-149), and two lifetime activity courses (PALS 150-180).

Special Education: EDSP 200, EDUC 335, EDUC 336, MATH 201, MATH 202 and foreign language.

This information may change without notice. See the University catalog for more information at catalog.coastal.edu.

Admission to the Marine Science Degree Program

Transfer Students

Prior to being admitted to the Department of Marine Science as a degree candidate, a transfer student must meet the general admissions requirements and complete one of the following:

 A score of 510 or higher (exams taken after March 2016) or 470 or higher (exams taken prior to March 2016) on the math subtest of the SAT exam or a score of 20 or higher on the math subtest of the ACT exam. Students may retake the SAT or ACT and submit new scores for consideration.

OR

 Completion of Math 130 or Math 130I (college algebra) or a higher-level math course with a grade of at least C from a regionally accredited college or university. Students will be placed into mathematics courses based on college-level courses completed or from results from the math placement test taken prior to the first day of classes. Students who meet general admissions requirements but do not satisfy requirements for admission as a degree-seeking marine science major will be admitted as a marine science pre-major. A student classified as a marine science pre-major is not eligible for the Academic Common Market (see coastal.edu/acm). Only students who are fully admitted into the major are eligible to apply for consideration of this designation.

Admission to the Intelligence and National Security Studies Program

Prior to being admitted to the Department of Politics as an intelligence and national security studies degree candidate, a transfer student must meet the general admissions requirements and must meet one of the following requirements:

- A minimum score of 1120 or higher on the SAT (exams taken after March 2016) or 1040 or higher on the SAT (exams taken prior to March 2016) or a minimum score of 22 on the ACT exam <u>and</u> a minimum cumulative high school GPA of 3.5 or higher.

 OR
 - Complete INTEL 200 with a grade of B or higher from a regionally accredited college or university. Students who do not earn a grade of B or higher may repeat INTEL 200 only one time.

Students who meet these requirements may be admitted into the full degree program prior to enrollment.

Students who meet general admissions requirements but do not satisfy requirements for admission as a degree-seeking intelligence and national security studies major will be admitted as an intelligence and national security studies pre-major. A student classified as a pre-major is not eligible for the Academic Common Market (see coastal.edu/acm). Only students who are fully admitted into the major are eligible to apply for consideration of this designation.

Calculation of Coastal Carolina University Grade Point Average

Coastal Carolina University accepts the credit only for transfer, not the *grade* for grade point average (GPA) calculation. (A student's GPA is calculated on Coastal Carolina University courses only.)

The GPA is calculated on the basis of all work in the student's career *at Coastal Carolina University*. All credits earned at other institutions and transferred to Coastal Carolina University may be used to satisfy program requirements but will not be calculated as a part of the GPA.

In Residence Coursework Requirements

The following designations indicate a consistently high level of academic achievement throughout the student's entire academic career. To graduate with such honors, a student must have earned at least 60 credit hours applicable toward the degree "in residence," meaning at Coastal Carolina University (which can include credits earned through officially recognized Coastal Carolina University academic exchange programs). Courses taken as a transient (visiting) student at other institutions, by correspondence, by examination (departmental or CLEP), by exemption, or earned through military credits are not considered "in residence."

All course credit beyond 90 credit hours must be completed "in residence" at Coastal Carolina University, and at least 12 credit hours of the student's major courses and six (6) credits of minor courses must be earned at Coastal Carolina University. Degree programs that require the final academic year to be taken at an external institution are exempt from this requirement. Those degree programs must instead ensure that a minimum of 25 percent of the degree program's requirements, including 12 credit hours of the student's major courses and six (6) credit hours of minor courses, are taken "in residence" at Coastal Carolina University. Some programs impose greater student residence and/or major and minor requirements. Consult the Coastal Carolina University Catalog.

A maximum of 90 transferable semester credit hours of college parallel courses may be accepted from regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.

A maximum of 76 transferable semester credit hours of college parallel courses may be accepted from a regionally accredited South Carolina technical college or two-year institution to apply toward a Coastal Carolina University degree.

Unless noted above, regardless of when students enter the University, **they must complete the last 25 percent of credit hours** before graduation enrolled in classes approved by the appropriate chair of the department from which the degree will be granted. All degree applicants are urged to confer with the chairs of their respective departments about their programs and degree requirements prior to the beginning of their last two semesters "in residence" at the University to ensure completion of all requirements.

Some departments have specific requirements for graduation as part of the department's other requirements. For example, art majors must submit portfolios for faculty review at the end of the sophomore year and also prepare to display their works in a senior art show. English majors must score a passing grade on the English assessment exam in addition to the English degree's other requirements.

Students are responsible for their individual academic programs and for meeting the requirements of their major department and the University.

Core Curriculum (2018-2019)

The purpose of the Core Curriculum is to provide an educational experience in the liberal arts tradition that encourages and supports free inquiry, critical thinking, effective communication, and creativity. Persons educated in the liberal arts will have the opportunity to explore and cultivate an understanding of the multiple aspects of human culture and the natural world.

Upon successful completion of the Core, students will develop the skills necessary to think clearly and logically, to gather and analyze information, and to express themselves effectively. As well-rounded individuals, our students will possess the qualities to excel in their chosen fields of study and to live conscientious, responsible lives.

The complete list of Core Curriculum Courses is also located in the Undergraduate Catalog. These courses can change without notice. Please visit the Core Curriculum website for the updated course list: coastal.edu/info/students/corecurriculum.
