THEATRE B.A.

Description of the Major:

Students in the Theatre Bachelor of Arts (B.A.) program are encouraged to develop a practical knowledge and competence that includes sensitivity to technique, artistry, and style, as well as an insight into the role of the theatre arts. This highly-focused and demanding training is enhanced by appropriate courses in the liberal arts. At the conclusion of the program, students are expected to exhibit not only technical and artistic competence, but also a broad knowledge of theatre, sensitivity to artistic style, and an insight into the role of theatre in the life of humankind.

The Student Experience:

- Instructors are also working professional artists with credits ranging from Broadway to numerous regional theatres throughout the country. Professors have experience in the theatre, film, and television industries.
- The department has an aggressive production schedule including five main stage productions (typically two musicals) each academic year. In addition, students produce at least two productions each year, and faculty members direct showcase productions for the Musical Theatre Company, Children's Theatre Company, and Dance Company.
- Coastal Carolina University offers three state of the art theatres including the Edwards Theatre (flexible black box), the 79th Avenue Theatre (147-seat modified thrust), and Wheelwright Auditorium (720-seat proscenium).
- The University also possesses one of the largest and best equipped university scenic, costume and paint studios. More than 3,500 square feet of space allows the department to build and paint in a professional style studio situation.
- Students can take advantage of a close association with Atlantic Stage, a local professional theatre company. The association casts students in meaningful roles and hires students as interns, assistant stage managers, electricians, carpenters and stage hands.

Beyond the Classroom:

Career opportunities for Theatre majors include: Performer, actor, playwright, director/producer, theatre technician, costume designer, scenery designer, ticket sales.

Areas of Study:
