

Coastal Marine and Wetland Studies M.S. Program
 Coastal Carolina University
 Student Learning Outcomes Score Sheet

To the graduate committee:

The current assessment plan for the Coastal Marine and Wetland Studies M.S. Program includes three learning outcomes that generally deal with breadth of knowledge, depth of knowledge, and preparation for the future. Please take the time as a committee to complete this score sheet and return it with the Defense Report to the CMWS Coordinator.

Thank you.

Student Name: _____

Date: _____

	Disagree		Agree	
1. The student demonstrated a breadth of knowledge including biology, chemistry, geology and physical processes.	1	2	3	4
