Faculty Senate Consent Agenda
October 1, 2010

1. Graduate Council

These items were approved at Graduate Council on September 1, 2010.

**College of Business**

**Change in Transfer Credits for MBA**

**Old**

With the MBA Director’s approval, a maximum of 6 transfer credit hours may be applied to a student’s program of study; all transfer course work must have been completed with a minimum grade of B.

**New**

With the MBA Director’s approval, a maximum of 6 transfer credit hours may be applied to a student’s program of study. Under the terms of double degree requirements or other consortium agreements, additional coursework up to a total of 12 credit hours may be transferred to complete CCU MBA degree requirements. All transfer course work must have been completed with a minimum grade of B.

**College of Natural and Applies Sciences**

**New Course Proposal**

MSCI 566 – (3) A comprehensive survey of the diversity of diseases and parasites affecting aquatic organisms. Particular focus will be placed on marine fishes and shellfishes in aquaculture environments. Major topics include identification of parasites and pathogens, life histories, host defenses, pathology and ecological or economic impacts. Pathogens and parasites will include viruses, bacteria, protozoans, helminthes and arthropods. Three lecture hours per week. (F)

2. Core Curriculum Committee (for Senate information only)

Core Curriculum Committee moves that the following editorial change on page 98 of the 2010-2011 Catalog be made. Move the student learning outcomes from below Part A: to above Part A.
