South Carolina Resident Checklist – Dependent Applicant

Coastal Carolina University’s Office of Admissions and Merit Awards is charged with determining the eligibility of incoming and continuing students requesting resident status for tuition and fee purposes. Typically, establishing domicile in South Carolina for tuition and fee purposes takes a minimum of 12 months (see exceptions). Certain steps must be taken by the resident to formally establish permanent domicile in order to qualify for in-state tuition and fee rates as an eligible South Carolina resident. The following checklist outlines a general list of documents **required to complete** an independent South Carolina Resident Application.

**New students** – When required, must complete the application and submit ALL required documentation by the **first day of class** for the term in which they are enrolling.

**Continuing CCU students** – When requesting a change of resident classification, must submit an application and ALL required documentation by the **applicable deadline for the term** in which they are requesting the change take effect.

University Residency Officers reserve the right to ask for additional documentation to verify the resident status of ANY applicant.

For residency purposes, a “**dependent person**” is defined as one whose predominant source of income or support is from payments from a parent, spouse, or guardian, who claims the dependent person on his or her federal income tax return. In the case of those individuals who are supported by family members who do not earn enough reportable income for taxation purposes, a dependent person can be defined as one who qualifies as a dependent or exemption on the federal income tax return of the parent, spouse, or guardian. A dependent person is also one for whom payments are made, under court order, for child support and the cost of the dependent person’s college education. A dependent person’s residency is based upon the residency of the person upon whom they are dependent.

To qualify, ALL items on the checklist should reflect **12 months immediately preceding the first day of class** for the term in which you are requesting South Carolina resident classification for tuition and fee purposes. Only these **exceptions** may be considered.
