In accordance with federal financial aid regulations, the data entered on the 2015 – 2016 Free Application for Federal Student Aid (FAFSA) by many students must be verified for accuracy. The U.S. Department of Education selects approximately one third of all FAFSA filers to undergo this process. Financial Aid & Scholarships (FAS) also has authority to select applicants and completes the verification process. If you’re selected for verification, your eligibility for federal financial assistance for the 2015 – 2016 award year cannot be determined until this process has been completed.

If verification is required, you will be mailed a Missing Information Letter requesting certain documents based on your dependency status and verification tracking flag. This information will also be available via WebAdvisor by clicking on “My Documents” listed under the “Communications Section”. Listed below, are the items required for the 2015 – 2016 verification process you will need to submit based on your FAFSA dependency status and verification tracking flag.

Please be advised that you are required to complete the verification process, even if you transferred your tax information to the FAFSA using the IRS Data Retrieval tool. There are other data elements required for verification that are not found on the tax return data. However, use of the FAFSA IRS Data Retrieval Tool will suffice for all of the federal tax return data, as long as none of the imported data has been changed by the student and/or the parent(s).

Per Dept. of Education regulations, except in unusual cases (amended returns, Puerto Rico or foreign returns) tax return data is only permitted to be submitted for verification via either the IRS Data Retrieval Tool or a 2014 IRS Tax Return Transcript & separate W-2(s). The IRS Data Retrieval Tool can be used during the initial completion of the FAFSA or when making corrections. The IRS Tax Return Transcript can be obtained via the IRS Form 4506-T, calling the IRS at 1-800-908-9946, or through the website www.irs.gov (recommended).

***Please be aware that applicants and/or their parents who owe an amount for their respective 2014 taxes will not be eligible to utilize the IRS Data Retrieval Tool or obtain an IRS Tax Return Transcript until after May 15th (per IRS guidance). If payment has been made before this time then allow the IRS 2-3 weeks processing time before attempting one of the approved methods.

Once **all required** documents have been received, FAS will complete the 2015 – 2016 verification process as quickly as possible and make any necessary data changes with the Central Processing Service. Any corrections made to your FAFSA will result in you receiving a new Student Aid Report (SAR).

Documentation or written clarification for other FAFSA data elements not normally required may sometimes be needed by FAS to complete the verification process. If this occurs, you’ll be notified via email or by mail of the additional items to be verified.

Once the verification process is complete and all other statuses (Admissions, Satisfactory Academic Progress, etc.) are satisfactory then you will be awarded. An award notification will be sent to your CCU email directing you to WebAdvisor to view your financial aid awards.

**Important Deadlines:** If your 2015 – 2016 FAFSA is selected to undergo the verification process, no federal aid may be awarded until verification is complete. Please be prepared to make other payment arrangements if your verification has not been completed by the fee payment deadline. Please make every effort to complete the verification as soon as possible to ensure there is not a delay in the delivery of your financial aid.
