**Procedures for Handling Staff Concerns**

Staff members are encouraged to submit their concerns to SAC members, through the Staff Advisory Council suggestion boxes located throughout the University campus or through an electronic suggestion box link at: [https://www.coastal.edu/staffadvisory/suggestion.html](https://www.coastal.edu/staffadvisory/suggestion.html).

Under no circumstances will the name of the staff member submitting the question or issue be used when the Council transmits the concern, unless the staff member gives them written permission to do so. The Chair will prioritize the items and attempt to refer them to the appropriate office, Council or administrator.

The model for SAC activities and discussions will be based on consensus as a means of formulating collective ideas and recommendations. At the request of any individual member, the Chair may convene an executive session at which only appointed members are present. The expectation is that such sessions would be warranted only on rare occasions and would be announced in the agenda prior to the meeting. Individual members will not discuss matters under consideration in executive session by the Council. All discussions in executive session are strictly confidential and must stay within the Council structure.

The integrity of the Council is paramount to its effectiveness. An understanding of the roles and responsibilities of the Council within the context of Federal and State Laws, University Policies and Procedures, and the confidential nature of the information that may be presented to the Council must be respected.
