Summer Camp Guide

Coastal Carolina University Summer Camps

All of our camps seek to engage campers with interactive learning experiences while providing a fun, rewarding and safe experience for all. We have a diverse group of camps counselors from the Coastal Carolina University community. All of the camp staff is dedicated to giving each camper a summer to remember. Coastal Carolina University also makes reasonable accommodations for people with disabilities. Every effort will be made to assist with any special needs.

Accidents & Emergencies

The Emergency Phone Number Section of the Parental Consent, Assumption of Risk and Release from Liability form must be filled out completely. It is recommended that all campers have medical coverage prior to attending camp. In case of an emergency or accident involving your child, you will be contacted following notification of the appropriate emergency personnel. All staff members make provisions to be certain that all campers will be as safe as possible. All group leaders and camp administrators are certified in CPR and First Aid, and will provide initial emergency care when needed. Lifeguards will supervise for all aquatic activities. We require all campers to wear the safety equipment for applicable activities.

Camper Conduct

Coastal Carolina University believes that it is important that our campers act in a respectful manner towards each other and themselves. While we understand that some children have a natural tendency to test the limits of compliance in many situations, we believe that there are certain standards to which our campers must be held. It is our goal to help develop our campers into people who have strong morals, are responsible and treat others with respect.
