SUMMARY:

Students may decorate their rooms to their own taste and style. This may not include defacing any University property, regardless of whether such “decorations” are temporary or permanent.

POLICY:

Students may decorate their rooms to their own taste and style. This may not include defacing any University property, regardless of whether such “decorations” are temporary or permanent. Additionally, the mistreatment of any permanent structures, furniture or other facilities is prohibited. Clothing, towels and other objects may not be hung or attached to any of the buildings, including stairwells and railings. Damages that occur as normal wear must be reported to the Office of Residence Life and a maintenance request form must be completed. Students who fail to report needed maintenance that is determined to be the cause of additional problems will be held responsible for all damages. If reports of damage/problems due to normal wear and tear are made by following the proper procedures, students will not be held financially responsible. Walls, doors and ceilings may not be written on or painted upon in any way, nor may holes for nails, screws or tacks be made in these surfaces. Removable adhesive putty and 3M removable adhesive hooks are recommended; however, students will be held responsible for any damage these and other products may cause.
