Policy Title: Web Site Digital Signatures Prohibited

Policy Number: 913    Effective Date: 8/24/2009

Responsible Office: Information Technology Services

SUMMARY:

No University employee may place a digital signature on the Coastal Carolina University web site.

POLICY:

In order to secure the integrity of University employee signatures, no digital signatures may be placed on the University web site. This policy is designed to prevent the possibility that digital signatures are copied electronically and attached to unauthorized documents in an illegal or improper manner.

University employees with signature authority must obtain permission from their supervisors before placing their digital signatures on web sites not related to Coastal Carolina University.
