Enrolled, degree-seeking students at Coastal Carolina University can earn college credit for knowledge gained outside of the classroom. The College Level Examination Program (CLEP) is a system of credit by examination sponsored by the College Board. The examinations are developed by college faculty nationwide and reflect material usually covered during basic or introductory coursework. The tests are fair but demanding. Through this program, degree candidates at Coastal Carolina University may attempt a CLEP test on subjects listed within this brochure. A satisfactory score will give the student credit equal to the comparable college course. Some examinations may not be accepted for required or elective courses. Students should check with the adviser in their major.

Please read the following information before scheduling a CLEP examination:

• Students must be currently enrolled in classes at Coastal Carolina University.
• CLEP credit will not be allowed for courses in which you are enrolled at other institutions or at Coastal, even if the course did not transfer or even if you did not complete the course and/or received a grade of “W.”
• CLEP credit may not be used to earn credit for previously enrolled, failed, or audited courses.
• CLEP credit will not be awarded if the student has earned 90 or more credit hours (senior classification).
• The student must obtain written consent from the dean of his/her major.
• CLEP scores are not calculated into student’s GPA; students receive credit hours only.
• CLEP credit will not be awarded if students are on suspension (academic or non-academic) from the university.
• Students may not repeat CLEP examinations for Coastal credit.
• Students may not take the CLEP test for a foreign language in their native language. (Students with TOEFL scores of at least 500 are exempt from the foreign language requirement.)
• CLEP scores do not transfer to other institutions unless students request an official transcript from ETS.
