

## Kimbel Library's Databases that Provide Full-Text Content

Kimbel Library provides online access to over 2,000 electronic journals and 11,000 electronic books through <http://www.coastal.edu/library>

### JSTOR (Journal Storage)

- Provides full-text articles from 449 journals in many different subject areas, including the Humanities, Business, and Sciences.

### Project Muse

- Provides full-text articles from about 250 journals, mainly in the Humanities but including some in other disciplines.

### Science Direct

- Provides full-text articles from over 1,000 journals in the sciences, social sciences, business, education, and humanities disciplines.

### ACM Digital Library

- Provides full-text access to all publications of the Association for Computing Machinery, including journals, conference proceedings, newsletters and transactions.

### IEEE Digital Library

- Provides full-text access to 22 magazines and transactions of the IEEE Computer Society, as well as the full-text of over 1,200 IEEE conference proceedings.

### Infotrac Onefile

- Provides full-text articles for many journals, magazines, and newspapers. Not all articles will be full-text; click "Journal Finder" to see if the library has journals that are not available in full-text. Covers most disciplines, including science, humanities, and business.

### Infotrac Custom Newspapers

- Provides full-text articles from more than 100 national and international newspapers, including the Charleston Post and Courier and the New York Times.

### NewsBank InfoWeb

- Includes NewsBank NewsFile, which has full-text articles from regional and national newspapers, Business Newsbank, which has full-text articles from business newspapers, periodicals, and newswires, and The State (Columbia, SC) newspaper archive from 1987-present.

### NetLibrary

- Kimbel Library has access to over 11,000 full-text ebooks through NetLibrary. Available titles cover many disciplines, including the sciences, humanities, business, and education.
