

**Stormwater Management in Context:  
Exploring the Technical Tools of Watershed Protection**  
Kimbel Center, Hobcaw Barony  
Friday, November 7

**Agenda**

- 8:30-8:45      **Registration**
- 8:45-9:00      **Welcome and Overview**  
*Jeff Pollack, Coastal Training Program Coordinator*
- 9:00-10:00     **Watershed Management Fundamentals**  
*Anne Kitchell, Center for Watershed Protection*
- 10:00-10:30    **The Local Stormwater Imperative**  
*Dr. Geoff Scott, Director, NOAA Center for Coastal Environmental Health and Biomedical Research*
- 10:30-10:45    BREAK
- 10:45-11:30    **Stormwater Mgmt. in Coastal Landscapes – Technological Alternatives**  
*Jennifer Zielinski, Center for Watershed Protection*
- 11:30-12:15    **Local Stormwater Management Innovations**  
*1. Dr. Charles Privette, Agricultural and Biological Engineering Department, Clemson University*  
*2. Dr. Susan Libes, Program Director, Environmental Quality Lab, Coastal Carolina University*
- 12:15-1:00     LUNCH
- 1:00-2:00      **Model Stormwater Ordinance**  
*Anne Kitchell, Center for Watershed Protection*  
*Brian Bates, Woolpert LLP*
- 2:00-2:45      **Stormwater Retrofitting: the Art of Opportunity**  
*Jennifer Zielinski, Center for Watershed Protection*
- 2:45-3:00      BREAK
- 3:00-4:15      **Better Site Design:  
Overcoming Barriers to Environmentally Sensitive Development**  
*Anne Kitchell & Jennifer Zielinski, Center for Watershed Protection*
- 4:15-4:30      **Wrap-up, Evaluation, and Review of Part 2 Agenda**  
*Jennifer Zielinski, Center for Watershed Protection*
