When an active shooter is actively causing deadly harm or the threat of imminent deadly harm to people on campus grounds, you must immediately seek cover and call Public Safety. Give as many details as possible - your name, location, number of assailants, and other pertinent information.

1. Run away from the threat if you can, as fast as you can.

2. Do not run in a straight line. Use buildings, trees, shrubs, and cars as cover.

3. If you get away from the immediate area of danger, report the incident to Public Safety and warn others.

4. If you decide to hide, take into consideration the area in which you are hiding. Will you be found? Can you lock yourself in as a means of protection?

5. If the person is causing death or serious injury to others and you are unable to run or hide, you may choose to play dead if other victims are around you. If hiding or playing dead, do not give away your position or stand up until told to do so by Public Safety (police).
