From the Director

The first and last photos to the right are from the first segment of The Artist’s Way. Barnie Slice demonstrated his technique and then gave his painting to one of the attendees. What a generous spirit he has! Don’t miss the subsequent sessions of this new series. Pat Mariano will speak about graphic design, quilting, and her unique collage techniques on March 2, and Doug Fankhauser will perform and share his stories of playing the guitar on March 9.

Speaking of series, our Saturday lectures on Climate Change begin this week. Don’t forget to register for these sessions that take place from 10-12 at our Conway location. CCU faculty from science, sociology and philosophy will give their perspectives on the topic. Fridays, have coffee with the deans from CCU at 11:00 at the same location and learn all about what’s happening on campus.

We’ve added more trips to the 2021 schedule and will soon have brochures available from Premier World Discovery for the following: Great Trains and the Grand Canyon, Mackinac Island and Niagara Falls, Albuquerque Balloon Fiesta, and Cape Cod.

We are also adding a 4-week class in Arabic, meeting on Tuesdays from 12:00 to 12:50 p.m. in Conway, April 7-28.

Finally, there are three dates that I want you to keep open: March 26, March 28, and April 6. March 26 is still in the planning stages, but we will offer some top-notched entertainment as we honor the instructors who have been with OLLI for over 20 years!

March 28 is CCU’s Town and Gown. We will have more information forthcoming, but in addition to our last Climate Change lecture, there will be a full slate of programming available to you free on the CCU campus. This is CCU’s open house for the community!

April 6 marks an important date in CCU’s calendar: the HTC Distinguished Teacher-Scholar Lecturer’s speech. We want all of OLLI to show up and support this year’s recipient of the award, Carolyn Dillian, who has been a wonderful supporter of OLLI through the years. She has taken our students on digs in Little River, opened her lab, lectured, and taught for us. Let’s give her our support and praise by coming to her presentation, “Misadventures in Archaeology: Charles Conrad Abbott and the Evolution of a Discipline” at 7:00 in the Johnson Auditorium.

Finally, March 2 is the first day of registration for our summer semester, May 16-August 15. $10 membership, no cost for clubs.

“By George! I Didn’t Know That”
XHIST 101 L01; $5
What is it about South Carolina’s third oldest town that attracted and continues to attract so many people? And for what reason?

Join us at the Litchfield Education Center, Monday, March 16, 2 to 3 p.m. as Paige Sawyer presents a fast moving and “brief 300 years” of history from its earliest inhabitants to the Second Yankee Invasion.

You’ll come away with a desire wanting to learn more about the many different people that at one time in their lives, either chose or were enslaved to live, work or play in Georgetown.

Paige Sawyer is a seventh generation South Carolinian and avid student of history. He and his wife Susan opened a photography studio in Georgetown in 1974 and are also employed in the tourism business. Susan works part time at the Georgetown County Chamber of Commerce Visitor’s Center in Georgetown and Paige works as a naturalist from March through November in Georgetown on Lowcountry Tours.

We have something special coming up soon in Conway and Litchfield
