Themed camps are $85 per week except where marked.

New option for working parents:
Extended hours
• Regular hours are 8:30 a.m. to 5 p.m. For $50 per child per week, parents may bring their child to the center at 8 a.m. and pick up as late as 5:30 p.m.

Four easy ways to register:
• Online (coastal.edu/cckc).
• In person at our centers (M-F, 8:30 a.m. to 4:15 p.m.).
• By phone (843-349-5002).
• By mailing registration form to CCU Kids Camp, Academic and Community Outreach, P.O. Box 261954, Conway, S.C. 29528-6054.
Morning camps (8:30 a.m. to 12:30 p.m.) are for children ages 8-10. Afternoon camps (1-5 p.m.) are for children ages 11-13.

Make Your First 3D Video Game!  
June 15-19
Try this new version of a Black Rocket classic! This class allows you to develop a game concept that goes well beyond the limitations of the traditional 2D game design classes. Students will learn the physics behind 3D games, and explore beginner event scripting, level design, controlling flow of gameplay, and story telling. Student-created games will be available on a password protected Black Rocket website to share with friends and family. $165

ROBLOX Makers  
June 22-26
Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world. Bring characters to life with unique animations you design. $165

Minecraft Modders  
July 6-10
Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Students must own a Java version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. $165

Code Breakers  
July 13-17
Calling all future coders, programmers, and designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day. Be on your way to becoming the next tech star! Whether you want to be a silicon valley CEO or the high school student who just made $1 million dollars for programming in her bedroom, this course has the essentials you need to begin your journey. $165

App Attack!  
July 20-24
Using a specialized app and game development tool, students will explore the world of web-based (HTML5) mobile apps. In addition to learning the basics of mobile app design and game development, you will also see firsthand the world of app publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. No prior experience is necessary and students do not need to own a smartphone or tablet to take the class. $165

Video Game Animation  
July 27-31
Take your game design to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name, develop the character’s personality, signature moves, special powers, and a story line. Finish with a fully animated character to be used in future games. Students do not need any prior experience in game design, animation, or sketching. Student-created animations will be available on a password protected Black Rocket website to share with friends and family. $165

Virtual Reality: The Future is Now  
Aug. 3-7
Embark on an EPIC adventure in virtual reality! In this cutting edge class, you will learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, and crafting memorable 3D experiences. At the end of the week, take home your first cardboard VR headset to show friends and family the new worlds you created. VR projects can be viewed on a website or a mobile device. Students do not need a mobile device to take the class, but to use the VR headset at home a camper will need access to an Android or Apple mobile device. $185
