III. President's Report

Dr. DeCenzo reported that Coastal Carolina University was ranked in *US News and World Report* among the top 15 regional public universities in the South in the "Great Schools, Great Prices" category in the 2012 edition. Dr. Dyer worked tirelessly to get our category changed.

For the third consecutive year, Coastal Carolina is included in "America's Best Colleges," compiled by *Forbes* and the Center for College Affordability and Productivity. Coastal Carolina has been selected for the second year in a row by *G.I. Jobs Magazine* as a Military Friendly School for 2012. He expressed appreciation to the faculty and staff who have worked to make this happen.

Chief David Roper was congratulated for the University's Department of Public Safety being recognized as one of sixteen 2010-2011 Law Enforcement Agency of the Year by the Federal Office of Juvenile Justice and Delinquency Prevention and the Underage Drinking Enforcement Training Center.

Dr. Judy Vogt presented an enrollment report and the student loan history. This fall \$39.3 million student loans were processed and last year there were \$30.1 million. An additional 809 students took out loans in various sizes this year with the average in-state student loan being \$9,000 and out of state \$15,000 per year. The price for in-state tuition/room board is \$18,560 and out-of-state is \$20, 860. Some students may have to take up to three loans to attend Coastal Carolina.

At this point it is still uncertain as to what might be pulled from federal financial aid. Loans may not be there to package.
