Exemplary Showcase
2019
coastalonline@coastal.edu
Exemplary Courses

Courses designated as exemplary exceed standards set forth by the CCU Quality Assurance Inventory (QAI) tool used by the COOL unit for course evaluations. Courses receiving an Exemplary Course (EC) designation have been reviewed and improved during a COOL Course Development process, and demonstrate two or more characteristics that place their course above minimum online course expectations. Read more regarding the COOL Course Development Grants and QAI.
