Approach conversations with students from an educational perspective; share facts, offer resources, and reaffirm community expectations for all members of TEALNation.

**DO:**

- Let students know that wearing a face covering is an expectation of being on campus in fall 2020.
- Offer to help a student obtain a disposable mask from Student Health or the Dean of Students Office.
- Discuss that the wearing of face coverings is a sign of respect and care for others, while also serving as a physical barrier for respiratory droplets.

**DO NOT:**

- Ignore a student who declines to wear a face covering.
- Ask a student if they have a disability or health issue that prohibits them from wearing a mask.
- Engage in discussions that are political or opinion-based about face coverings.
