Consider what you hope to accomplish by participating in a CCU Education Abroad program. What are your goals?

Ask your Academic Adviser which term(s) would be best for an international experience based on your unique degree plan.

Research program options by type, term or discipline using the CCU Education Abroad website, [www.coastal.edu/educationabroad](http://www.coastal.edu/educationabroad).

Explore CCU, program-specific and external scholarship opportunities using the CCU Education Abroad website.

Choose an academically and financially appropriate program for you, and complete the CCU Education Abroad online application.

Meet with the correct adviser(s) for your program: Lori Patterson, Robert Bulsza or the program’s CCU faculty leader.

If you will be using Federal Financial Aid, contact Chrystal Medley in the Office of Financial Aid and Scholarships to schedule an appointment.

Commit to participate after your online CCU application is approved, and finish remaining program requirements plus scholarship applications.

Attend pre-departure orientation with other outbound students, and finish researching your host country.

Pack your bag, and GO ABROAD!
