Dear Dr. Sightler,

This letter serves as a notification that Coastal Carolina University received the acknowledgement from the South Carolina Commission on Higher Education (SCCHE) on May 5, 2023 to add a distance education method of delivery for the Master of Accountancy (M.Acc.) in Accountancy degree program effective Fall 2023.

The Name of the program (to indicate the discipline):

Accountancy

The credential to be awarded (e.g., Associate of Arts, Master of Accounting):

Master of Accountancy

The instructional level (associate, baccalaureate, master's, education specialist, or doctoral, if not obvious from the credential):

Master's

The method of delivery to be added:

Distance Education

The intended implementation date:

Fall 2023

The addition of this method of delivery will allow Coastal Carolina University to offer the M.Acc. in Accountancy degree program to working professionals. This change will support those students who may not have the time to dedicate to face-to-face courses and those that do not live in the area. This program will target students who want to pass the CPA exam.

CCU currently offers several other distance education degree programs including a master of business administration. Therefore, CCU does not anticipate any concerns with resources to support the technology needed for a distance education program.

There are no changes to the degree requirements and no new content for the program. Students will be able to earn all credits for degree completion in the distance education method of delivery.

Enclosed are the substantive change cover letter and the notification letter from the SCCHE.

Please let me know if you have any questions or need clarification.

Sincerely,
