1. **Breadcrumbs navigation**
   - All pages in the current page’s lineage are displayed in the breadcrumb. The current page is not included in the breadcrumb.

2. **Persistent admissions CTAs**
   - These will work as per the 2015 Landing Page 1 layout.

3. **Section title reads the section name of the current section.**

4. **Hero carousel**
   - An item of 2015 Hero Carousel wrapper content adds the carousel to the hero space. The user adds an item of this content to the landing section.
   - Individual slides are added as items of 2015 Carousel Slide content. The user adds these to the landing page section and they are included in the carousel by a related content advanced navigation object in the carousel wrapper.

5. **General content**
   - General content can be added to 2015 Landing page 1 and 2.

6. **Faculty showcase**
   - This can be added to the Academics section of the site. It will contain one item of 2015 Faculty Showcase content. The content is added to section where it should appear.

7. **Inner navigation**
   - The same pages that are displayed in the breadcrumb are shown above the current page.
   - The top of the list is a level 1 section.
   - Ancestor sections down to level 4 in site hierarchy are included. Sections which have child sections are enclosed in an expandable link item (‘+’ icon expands).
   - Expanding an eligible item displays the rest of that item’s child pages.

8. **Social share buttons**
   - They will share the current page via the visitor’s Facebook, Twitter, or Email account.
