The Tourism Economy Study: CCU Lodging Update, Nov. 2, 2017

Current Performance Estimates

Hotel, Condo-Hotel and Campsite Properties

Preliminary results from Coastal Carolina University’s voluntary sample of hotel, condo-hotel and campsite (HC-HC) properties along the Grand Strand during the week of Oct. 22-28, 2017, indicates that the midweek occupancy rate averaged 41.1 percent, up 7.4 occupancy points or 22.1 percent compared to the equivalent week of 2016. During the Friday-Saturday night period, the occupancy rate averaged 60.7 percent, up 9.3 occupancy points or 18.2 percent compared to the equivalent weekend last year. The average daily rate (ADR) was down 2.4 percent during the midweek period and up 5.4 percent during the weekend compared with last year. Consequently, HC-HC occupancy for the week overall was up 8 occupancy points or 20.7 percent, and revenue per available room (RevPAR) was up 21.3 percent compared with the equivalent week of 2016.

VRPs

Based on the Brittain Center’s observations of random samples of internet websites of vacation rental properties (VRPs) in the coastal sections of Horry and Georgetown counties (318 of the 3,135 units) for which complete data are publicly available, 51.2 percent were reserved or blocked from rental during the week of Oct. 21-27, 2017. The level of reservations was down 9.7 occupancy points or 15.9 percent compared with the equivalent week of 2016. For the nights of Oct. 28-Nov. 3, 2017, 44.5 percent of the VRPs were reserved or blocked from reservation. The level of reservations was down 18.4 occupancy points or 29.3 percent compared with the equivalent week of 2016.

Six-Week Average Performance

Preliminary results indicate that during the nights of Sept. 17-Oct. 28, 2017, 56.7 percent of the lodging properties in the Brittain Center’s voluntary sample of HC-HC properties located along the Grand Strand were occupied, which was up 12 occupancy points or 26.9 percent compared with the equivalent weeks of 2016. The average daily rate for these properties was up 7.1 percent compared with the equivalent weeks of 2016, raising average RevPAR up 35.8 percent compared with the equivalent period of 2016. During the same period in 2017, 56.5 percent of the VRP bedrooms in the Center’s random sample of Horry County VRPs were reserved or blocked from weekly rentals, up 1.4 occupancy points or 2.6 percent compared with the equivalent weeks of 2016. Average advertised price for this segment was down 2.4 percent compared with last year, which raises revenue per available bedroom up 0.2 percent compared with the equivalent weeks of 2016.

Forecast and Analysis

According to weather.com at the time of this writing, the forecast for the weekend of Nov. 4-5, 2017, calls for a high temperature of 80 degrees and a 10 percent chance of precipitation on both days. The Brittain Center predicts that average occupancy for its sample of HC-HC properties may be near or above 65 percent for the nights of Nov. 3-4, 2017. Based on this week’s observations by Center researchers of 318 websites of VRPs available to rent in Horry and Georgetown counties, 43.1 percent are reserved for the week of Nov. 4-10, 2017, down 13.8 occupancy points or 24.2 percent compared with the equivalent week of 2016.

Additional Research Notes

The Brittain Center’s preliminary sample of 24 HC-HC properties reporting for the week of Oct. 22-28, 2017, consisted of 11 hotels (all but five are oceanfront/view, and four are brand affiliated), 12 condo-hotels (all are oceanfront/view), and one campground resort property. The results for the current moving six-week period are based on an average sample size of 8,127 units per week average.
