CAROLINA**
UNIVERSITY

Easing the Process for Transfer Students

Transfer Students with an Associate of Arts, Associate of Science, Bachelor of Arts or Bachelor of Science Degree

Transfer students accepted to the University with an earned Associate of Arts, Associate of Science, Bachelor of Arts or Bachelor of Science degree from a regionally accredited institution will have all core curriculum requirements waived. Transfer credits earned by the student may be applied to foundation, minor, cognate or major requirements, or will be counted as electives. Course prerequisites and minimum credit requirements for the awarding of degrees will still apply.

This is a five-year pilot program (academic years 2010-2011 to 2014-2015). The effectiveness of the program will be continuously evaluated by the appropriate body.

Online Resources for Transfer Students

Students interested in transferring to Coastal Carolina University or taking classes during the summer session may now access two new websites for transfer information. These websites offer students the ability to:

- Locate information related to transfer requirements (including application deadlines), the transfer of credit, and contact information for institutional transfer officers;
- Access transfer agreements that exist for the institution; and
- Search for course equivalencies to determine how courses taken at one institution will transfer to Coastal Carolina University.

The first portal, www.collegetransfer.net, is a national portal and contains information for institutions across the United States. The second portal, www.sctrac.org, is designed specifically for South Carolina-based students. Both sites contain information on transferable courses, transfer agreements, as well as acceptable CLEP and AP credits. The data contained on both sites are continually updated as new equivalencies are determined.

The Transfer Student and Admission

An applicant is considered a transfer student when he or she has attended another regionally accredited post-secondary institution in any capacity after completing high school. To be considered for admission, the transfer applicant should have earned a minimum cumulative collegiate 2.0 GPA or a "C" average in at least two full-time semesters of course work (24 transferable credits) or its equivalent from all regionally accredited colleges/universities attended. Cumulative collegiate GPA will be based on transcripts and will not be recalculated. Applicants who have earned less than 24 transferable credits or its equivalent must meet both transfer and freshman admission requirements. Applicants age 22 or older are not required to submit SAT or ACT scores. (See the Coastal Carolina University Catalog for complete freshman admission information.)

For admission to Coastal Carolina University from another institution, a transfer student must:

- Complete an application for admission and submit a nonrefundable application fee.
- Provide official copies of transcripts from all previously attended institutions directly to the Office of Admissions.
- Be academically eligible to return to the last institution attended as a degree candidate (e.g., not on academic or disciplinary suspension).

Decisions for admission are made after all official credentials are received.

Transfer Policy

Coastal Carolina University has adopted the following policy for determining transfer of academic credits from regionally accredited institutions:

1. A student transferring to Coastal Carolina University will submit all official transcripts to the Office of Admissions for evaluation.
2. Up to 76 transferable credits of college parallel courses may be accepted from a regionally accredited two-year college transfer program to be applicable toward a Coastal Carolina University degree.
3. Up to 90 transferable credits of college parallel courses may be accepted from regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.
4. Prior to graduating from Coastal Carolina University and regardless of the point in the student's academic career at which any student enters the University, the student must complete the last 30 semester hours in residence while enrolled in classes at Coastal Carolina University or through sanctioned Coastal Carolina University academic exchange programs.
5. A minimum grade of "C" (e.g., C-, C or C+) in a course is required for transfer credit to be awarded for that course.
6. Credit for work completed at another institution by Coastal Carolina University students will not be accepted for transfer credit if the student has previously failed to earn the required grade in an equivalent course at Coastal Carolina University.
7. Courses taken at another institution while under academic suspension may transfer to Coastal Carolina University in accordance with University transfer policies.

Transcript Evaluation

The Office of Admissions will complete a preliminary evaluation of transcripts to identify courses that can transfer for credit to Coastal Carolina University. An official list of those transferable credits is then forwarded to all accepted transfer students. Refer to the list of approved courses for transfer in this guide.

The department chair or adviser evaluates specific courses, as needed, and determines which course credits apply to that particular major.

For additional information on transcript evaluation, call the Office of Admissions at 800-277-7000. If a student later decides to change his/her major, a re-evaluation of applicable credits must be completed by the department chair of the new major.

Transfer Credit Restrictions

As a general rule, credits earned in courses that apply to one or more of the following categories are usually not acceptable for transfer credit:

- Courses that are occupational or technical in nature,
- Courses that are essentially remedial or
- Courses not recognized in that institution's catalog as part of its college parallel transfer program.

Exceptions to the above categories may be made only by the dean or designee of the college in which the student plans to enroll (major), by the dean or designee of the college that offers the course, or by the Interdisciplinary Studies Committee in specific cases where such courses are judged to be uniquely relevant to the student's degree program.

Certain degree programs do not recognize some transfer credit from two-year institutions for courses that are considered upper division or upper level courses at Coastal Carolina University. However, some degree programs will grant transfer credit for such courses as lower level electives or core curriculum requirements. **Each transfer student is encouraged to discuss the transfer of academic credits not listed in this guide with department contacts or with his/her adviser, who is assigned by the dean of the student's major.** Students should be aware that changing their majors while at Coastal Carolina University will require a re-evaluation and approval of their transfer credits for application to their new majors.

Calculation of Coastal Carolina University Grade Point Average

Coastal Carolina University accepts the credit only for transfer, not the *grade* for grade point average (GPA) calculation. (A student's GPA is calculated on Coastal Carolina University courses only.)

The GPA is calculated on the basis of all work in the student's career **at Coastal Carolina University**. All credits earned at other institutions and transferred to Coastal Carolina University may be used to satisfy program requirements but will not be calculated as a part of the GPA.

The following designations indicate a consistently high level of academic achievement throughout the student's entire academic career. To graduate with such honors, a student must have earned at least 60 credit hours applicable toward the degree "in residence," meaning at Coastal Carolina University (which can include credits earned through officially recognized Coastal Carolina University academic exchange programs). Courses taken as a transient (visiting) student at other institutions, by correspondence, by examination (departmental or CLEP), by exemption, or earned through military credits are not considered "in residence."

- ▶ Summa Cum Laude: collegiate GPA of 4.0
- ▶ Magna Cum Laude: collegiate GPA of 3.75-3.99
- ▶ Cum Laude: collegiate GPA of 3.5-3.74

Academic Forgiveness

"Academic Forgiveness" for former Coastal Carolina University students means that a student's past failures are forgiven to allow him/her to resume a college career with a realistic possibility of completing a degree. The program allows the calculation of a GPA based on the student's performance in courses taken after being granted forgiveness. See the Coastal Carolina University Catalog for conditions to apply for academic forgiveness and circumstances following approval.

A student who has met the conditions must submit a written request to the dean of the student's major.

Graduation Requirements

It is recommended that students meet with their faculty adviser at least once each semester. In order to be eligible for graduation, students must meet all course requirements, meet all "in residence" requirements, meet all departmental or program requirements, meet all core curriculum requirements and have a cumulative GPA of at least 2.0 on all coursework attempted at Coastal Carolina University.

All course credit beyond 90 credit hours must be completed “in residence” at Coastal Carolina University, and at least 12 credit hours of the student’s major courses and six (6) credits of minor courses must be earned at Coastal Carolina University. Degree programs that require the final academic year to be taken at an external institution are exempt from this requirement. Those degree programs must instead ensure that a minimum of 25 percent of the degree program’s requirements, including 12 credit hours of the student’s major courses and six (6) credit hours of minor courses, are taken “in residence” at Coastal Carolina University. Some programs impose greater student residence and/or major and minor requirements. Consult the Coastal Carolina University Catalog.

A maximum of 90 transferable semester credit hours of college parallel courses may be accepted from regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.

A maximum of 76 transferable semester credit hours of college parallel courses may be accepted from a regionally accredited South Carolina technical college or two-year institution to apply toward a Coastal Carolina University degree.

Unless noted above, regardless of when students enter the University, **they must complete the last 25 percent of credit hours** before graduation enrolled in classes approved by the appropriate chair of the department from which the degree will be granted. All degree applicants are urged to confer with the chairs of their respective departments about their programs and degree requirements prior to the beginning of their last two semesters “in residence” at the University to ensure completion of all requirements.

Some departments have specific requirements for graduation as part of the department’s other requirements. For example, art majors must submit portfolios for faculty review at the end of the sophomore year and also prepare to display their works in a senior art show. English majors must score a passing grade on the English assessment exam in addition to the English degree’s other requirements.

Students are responsible for their individual academic programs and for meeting the requirements of their major department and the University.

Financial Aid and Scholarships

Financial aid is available from several sources: scholarships, federal and state grants, loan programs, student employment and veteran benefits. Coastal Carolina University’s Office of Financial Aid and Scholarships, located in Kingston Hall, will help identify programs that are right for students and advise them on application procedures and appropriate forms. For additional information, call 843.349.2313 or email: finaid@coastal.edu

Approved Courses for Transfer

Note: The student must have earned at least a “C” in the course for transfer credit to be awarded. Refer to the current Coastal Carolina University Catalog for course descriptions.

**Visit Coastal Carolina University on the Web at
coastal.edu**

Coastal Carolina University reserves the right to add or drop programs and courses, to change the calendar which has been published, and to institute new requirements when such changes appear desirable. Every effort will be made to minimize the inconvenience such changes might create for students. Suitable substitutions will be allowed for required courses which have been withdrawn.

Information in this publication is subject to change without notification.
