Volunteers Needed:
Times vary based on program.

Agency Description:
SOS Health Care, Inc was formed in 1989 and is a 501 (3) (c) nonprofit organization. Funding comes from grants, fundraisers, private donations. The Building Futures Autism Clinic receives part of its funding from the PDD Waiver, private insurance and tuition. Our funds are used to pursue community goals and address un-met needs.

Volunteer’s Duties:

Friday Knights:
A program supported by Horry County Disabilities and Special Needs providing respite to families while children and adolescents with autism spectrum disorders enjoy structured recreation and social activities. Volunteers are needed to facilitate games and activities for the children. This program takes place every other Friday night from 5:30-8:30pm and is located at 250 Victory Lane, Conway, SC 29526 (right behind Horry Georgetown Tech).

S.O.U.L. “Skills of Understanding Life”:
This program focuses on helping children and adults with autism and related disorders develop greater awareness and understanding of perspectives different from their own as a means for improving conversation skills, developing relationships and dealing with emotions. Volunteers are needed to help facilitate and teach various lessons and me a mentor for children going through this program.

Caring 4 Kids:
A program designed to assist families with needs related to health and nutrition. We currently assist children that are attending Horry County Schools and are experiencing homelessness. Volunteers deliver food and clothing to schools that request our assistance for their students.
