SUMMARY:

Students who are placed on academic advisory, as defined in the Coastal Carolina University Catalog, must complete the requirements set forth by their academic college. Modifications to college specific policies must be approved by the Academic Affairs Committee, Faculty Senate and the Provost.

POLICY:

I. Policy

Students who are placed on academic advisory, as defined in the Coastal Carolina University Catalog, must complete the requirements set forth by their academic college. College-specific policies are developed by the Office of the Dean of each academic college. Modifications to college specific policies must be approved by the Academic Affairs Committee, Faculty Senate and the provost.

A. Wall College of Business

Business students, including all business pre-majors and undeclared business majors, who are placed on academic advisory must complete the following requirements:

1. Work with the business tutors in the Wall Center for Excellence at least five times during the course of each semester during which they are on academic advisory
2. Meet their academic advisor twice during the course of the semester – once during the first three weeks of the semester and once more before they register for classes for the following academic term
3. Take at least two Professional Development Activities on life and learning skills
B. Spadoni College of Education
   All students in the College of Education who are on academic advisory are required to meet individually with the associate dean and must meet with their academic advisor at least twice during the semester to discuss their progress until they are no longer on academic advisory.

C. Edwards College of Humanities and Fine Arts
   All students in the College of Humanities and Fine Arts on academic advisory must attend the Dean’s Academic Seminar; students with less than 30 credits should follow the University policy, while students with more than 30 earned credit hours must meet the following requirements:
   1. Meet with their academic advisor two times per semester (once in the first three weeks, once at midterm/registration)
   2. Attend at least two workshops offered by the Learning Assistance Centers
   3. Strongly encouraged to complete HFA 133 Mindset for Success

D. College of Science
   All students in the College of Science who are on academic advisory must attend the Dean’s Academic Success Seminar and meet with an academic success advisor within the College of Science Advising Center at least once each semester until they are no longer on academic advisory.

E. University College
   All students in University College who are on academic advisory must attend the Dean’s Academic Success Seminar and meet with an academic success advisor within the Advising Center at least three times each semester until they are no longer on academic advisory.
