Coastal Carolina University recognizes the International Baccalaureate (IB) as a rigorous and challenging program and will provide credit after the student is enrolled as a baccalaureate degree-seeking student. Credit awarded at Coastal Carolina University is dependent upon the scores received in the IB program. Only scores of 4, 5, 6 and 7 on higher level exams may earn credit. No credit will be awarded for standard/subsidiary level examinations.

Students must have an official IB transcript issued by the New York Office of the International Baccalaureate forwarded to Coastal Carolina University’s Office of the Registrar for assignment of credits. Once your transcript has been received, you will be notified of the amount of credit awarded upon enrollment as a baccalaureate degree-seeking student.

Courses/scores for which credit may be awarded by Coastal Carolina University are as listed. Some credits may not apply to your individual program of study. See your academic adviser to determine program applicability.
