Education:

B. A. Coastal Carolina University. Major: Anthropology and Geography, Minor: History.
Degree expected in May 2023.

Archaeology Experience:

Archaeological Field School (ANTH 395), Waties Island Prehistoric Site (May 2016):
participated in excavations with Dr. Carolyn Dillian, Coastal Carolina University, to
investigate prehistoric, Native American site along the South Carolina coast. Analyzed
artifacts.

Historical Research Assistant, Coastal Carolina University (Spring 2016): received independent
study credit to assist Dr. Amanda Brian in a research project that focused on WWII-era
communities in Germany. Visited archives and used online databases for research.

GIS Intern, UN Youth Corps, Georgetown County, SC (Spring 2023): prepared GIS maps and
files for Georgetown County government to document flooding for infrastructure
upgrades and emergency planning.

Relevant Coursework:

Cultural Resource Management (ANTH 432): learned the basics of CRM, including Federal laws
and how to assess National Register eligibility of properties.

Advanced Archaeological Methods (ANTH 410): learned how to analyze and process artifacts in
an archaeology laboratory.

Research and Writing in History (HIST 250): conducted independent research and composed
historical research papers using primary and secondary research.

Other introductory and upper-level courses in Anthropology and Geography (transcript
available).

Other Work Experience:

Waitress, Eat 'em Up Restaurant (Summers 2012-2016): waited tables, prepped and cleaned up
restaurant for opening and closing.

Other Relevant Skills and Knowledge:

Geographic Information Systems (GIS), Sketching (ART 101, Basics of Drawing to Scale),
Building Websites, Photoshop, Photography, and Botany (hobbyist).
