Purpose*

Pi Mu Epsilon is a non-secret organization whose purpose is the promotion of scholarly activity in mathematics among students in academic institutions. It aims to do this by 1) electing members on an honorary basis according to their proficiency in mathematics, 2) engaging in activities designed to promote the mathematical and scholarly development of its members, and 3) taking any other measures which will further the purpose stated above.

Qualifications for a Chapter*

A Chapter of Pi Mu Epsilon may be chartered only in an academic institution whose standards are excellent in all liberal arts departments and particularly in mathematics. In order to qualify for a Chapter, the petitioning institution must be of university grade as indicated by the high quality of its faculty, academic standards, and equipment; and must be capable of conserving the standards of the society and spreading its scholarly spirit and ideals.

Pi Mu Epsilon Pledge*

“I solemnly promise that I will exert my best efforts to promote true scholarship, particularly in mathematics; and that I will support the objectives of the Pi Mu Epsilon Honor Society.”

Pi Mu Epsilon Motto*

To promote scholarship and mathematics
